

Directional poppet valve cartridges

Type WS700 NG 6, Cartridge up to 25 l/min, up to 700 bar

Features

- Direct operated
- Poppet tight (bidirectional)
- · High operational safety and reliable switching
- · High duty cycles and long lifetime
- High corrosion resistance
- All connections can be loaded to the maximum operating pressure
- · Replacement of coils without opening of the pressure tight spaces

Applications

- · Portable power units
- ving alternatives to spool valves which require additional leakage free shutoff valves
- · Forming technology clamping
- Presses, test benches and systems
- Lifting and transport systems
- Hydraulic tools
- Accumulator charging systems
- · Seat-tight pilot control of passive and/or active logic valves

Design

- · Patented valve-design
- Control of cylinders as superior and space-sa- Pressure compensated design of hardened and specially grinded valve cones
 - · Strong return springs
 - Hidden manual override
 - Available as 2/2 or 3/2 directional poppet valve cartridges with solenoid actuatation
 - 360° turnable and exchangeable plug-in coil

Technical data

Hydraulic fluid	Mineral oil according to DIN 51524 (other fluids on request)		
Fluid temperature range	– 20 to 80 °C		
Ambient temperature range	– 30 to 50 °C		
Viscosity range	5 to 400 mm ² /s		
Porting	NG 6		
Max. operating pressure	700 bar		
Max. flow rate	25 I/min, see switching capacity diagram page 8		
Filtration (recommendation)	according to NAS 1638 class 6 resp. ISO/DIN 4406 17/15/12		
Duty cycle ED	100%		
Solenoid voltage (nominal power)	24 VDC (26.7 W)		
Tolerance	+/-10%		
Switching time	see table on page 9		
Degree of protection	IP 65 according to EN 60529 / DIN 40050 (or according coil choice)		
Service life	B10: 1 million according to ISO 19973		
Weight	With solenoid coil: 3/2= 400g, 2/2= 380g Without solenoid coil: 3/2= 170g, 2/2= 150g		
Material/Surface finish	Solenoid coil: ZnNi-plated (1000 h salt spray test)		

NG 6, Cartridge			
up to 25 l/min,	up to	700	bar

Type code

Dimensional drawings

2/2 directional poppet valve cartridge

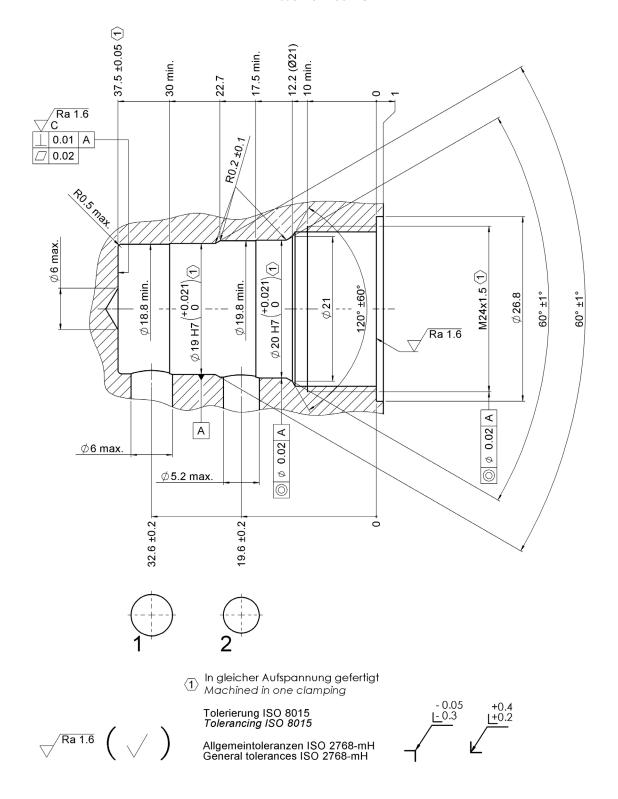

3/2 directional poppet valve cartridge

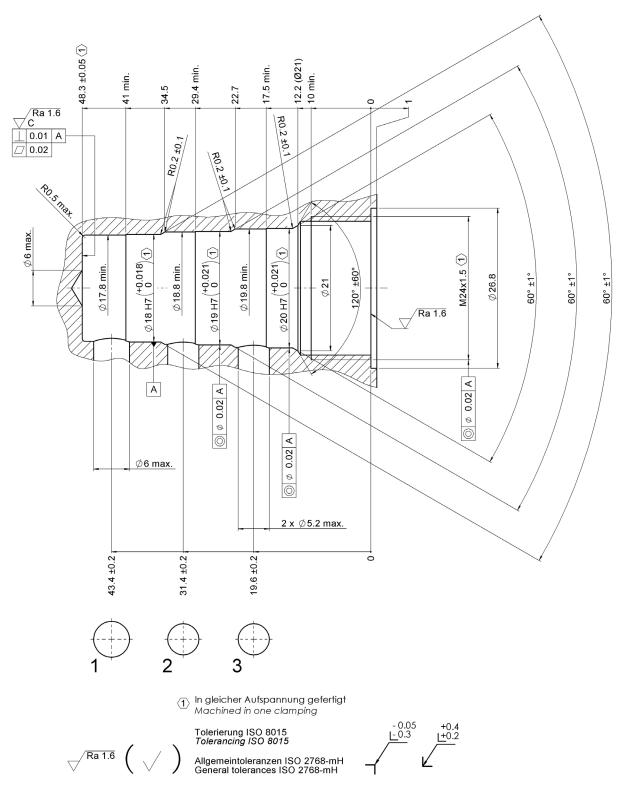

NG 6, Cartridge up to 25 l/min, up to 700 bar

Cavity 2/2 directional poppet valve cartridge ADA-model-no.: 4607282

The responsibility of the material design with regard to strength lies with the user

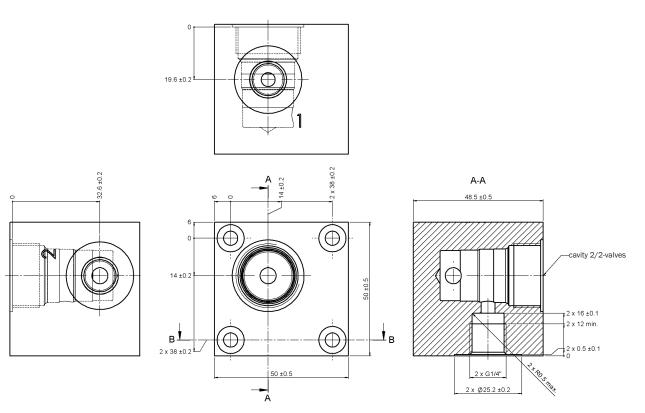

Cavity 3/2 directional poppet valve cartridge ADA-model-no.: 4607653

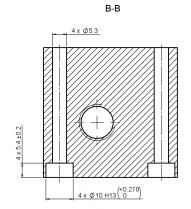

The responsibility of the material design with regard to strength lies with the user

NG 6, Cartridge up to 25 I/min, up to 700 bar

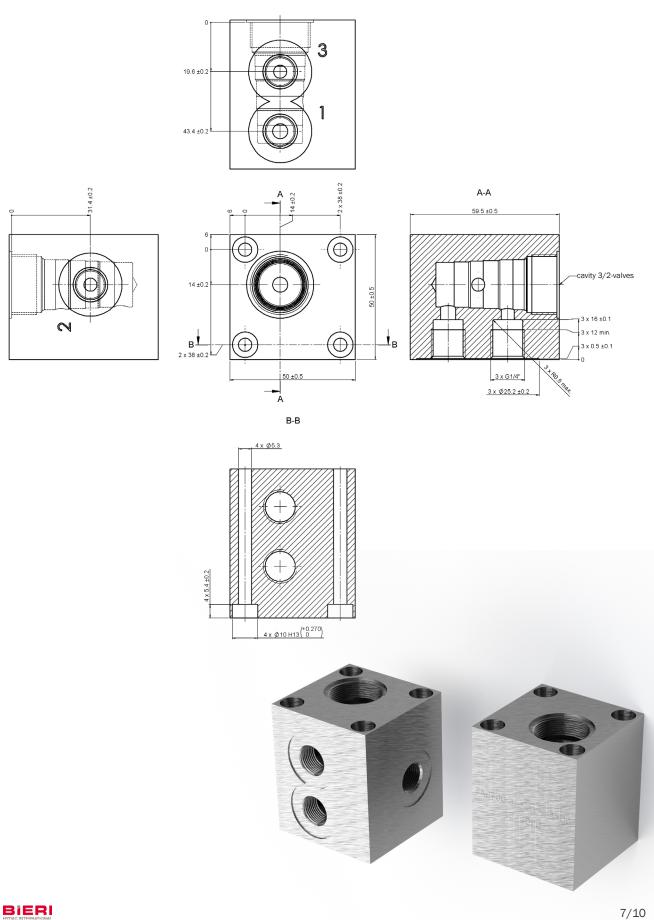

2/2 single subplate

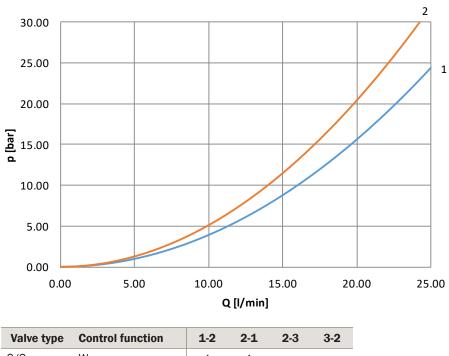

NG 6, Cartridge up to 25 l/min, up to 700 bar

Pressure drop

 $(v = 15 \text{ mm}^2/\text{s})$

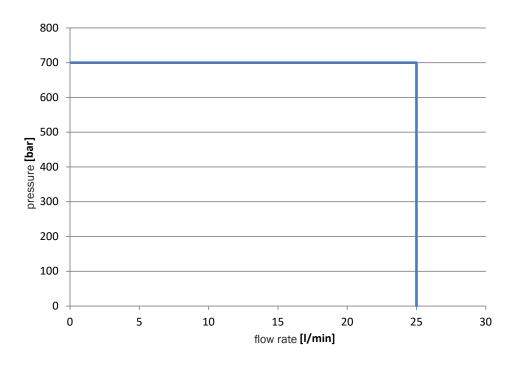

2/2	W	1	1	-	-
2/2	V	2	2	-	-
3/2	D	2	2	1	1

Hydraulic switching capacity

Hydraulic switching capacity at nominal operating voltage and ambient temperatur range T_a = 50 ° C ν = 15 mm^2/s

Switch on current I $_{ON} \ge 0.7 \text{ x I}_{N}$

For applications with 2 connections under full pressure, the 3/2 directional poppet valve cartridge is recommended.

Switching times

Valve type	Control function	Switching on [ms]*		Switching off [ms]*
		at operating temperature	cold	
		(0.7 x I _N)	$(1 \times I_N)$	
2/2	W	40	35	15
2/2	V	40	35	15
3/2	D	40	35	15

* indicative values

Electrical data (solenoid)

Voltage	DC voltage
Tolerance	+/- 10%
Nominal power	26,7 W
Nominal voltage	24 V
Nominal current	1,1 A (valid at R 21,2 Ohm)
Duty cycle	100%
Protection class (standard version)	IP65 acc. EN 60529 / DIN 40050 at correct assembly on cable socket

Electrical connection / solenoid variants

As an option to the standard version with the 24VDC solenoid coil, all solenoid coils of the Coil-50-1836 series can be used according to the table. For this purpose, the valve "without solenoid coil" (control method "O" in the type code) and the solenoid coil must be ordered separately and installed by the customer.

The coil nut and the sealing ring are included in the scope of delivery of the valve.

Connection Protection ¹	DIN 436050 radial IP65	Junior Timer axial IP67	Deutsch DTO4 axial IP67
12 V Part No.	915151	3001033	3091665
24 V Part No.	915142	3001503	3091667
110 VAC Part No.	3019735 ²	auf Anfrage	auf Anfrage
230 VAC Part No.	3019736 ²	auf Anfrage	auf Anfrage

¹ Important note: The protection class applies to the solenoid coil. The prerequisite for this is the correct assembly of the mating connector and the same or better type of protection of the mating connector itself is a necessity.

² Rectifier is integrated in the solenoid coil

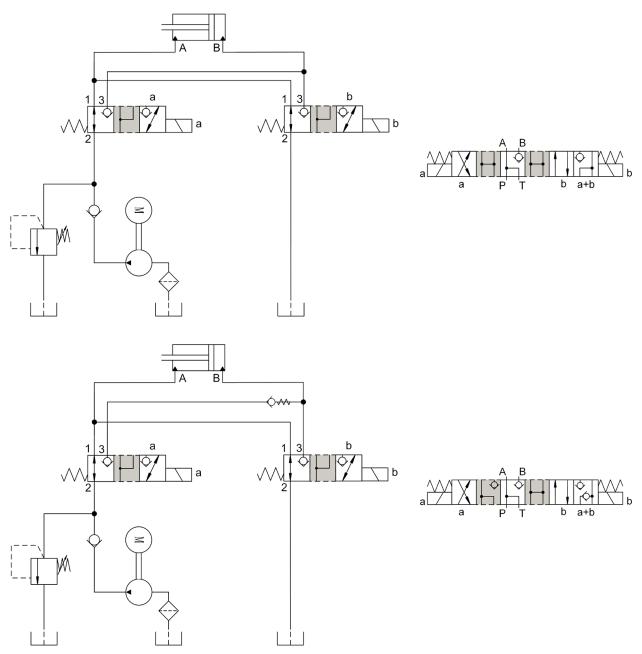

Plug for solenoid
